Tuesday 12th September 2023

Dear Parents and Carers,

School Funding – How you can help us

On Thursday 5th October it is Census Day.

Census Day is an important date in the calendar for all primary schools, as the Government will use the numbers of those that eat hot school dinners to determine the level of funding that schools receive in the future.

The more children eating on this day, the more funding our school will receive.

Please help support us and secure vital funds for our school and children by ordering your child a hot school meal on this day. Meals will need to be ordered via ParentPay by Thursday 21st September.

If you need a password reminder to access ParentPay, please contact the school office.

Thank you in advance for your support.

Yours sincerely

Mrs Justine Chubb

Head of School
