Aims of the Accessibility Policy

This plan outlines how Clapham and Patching CofE Primary School aims to improve access to education for pupils with disabilities as required by the planning duties in the Equality Act 2010.

A person has a disability if they have a physical or mental impairment that has a substantial and long-term adverse effect on their ability to carry out normal day-to-day activities.

This plan aims to:

- Increase the extent to which pupils with disabilities can participate in the curriculum.
- Improve the physical environment of the school to enable pupils with disabilities to take better advantage of education, benefits, facilities and services provided.
- Improve the availability of accessible information to pupils with disabilities.

The above aims will be delivered within a reasonable timeframe, and in ways which are determined after taking into account pupils' disabilities and the views of parents and pupils. In the preparation of an accessibility strategy, the Local Authority (LA) must have regard to the need to allocate adequate resources in the implementation of this strategy.

The governing board also recognises its responsibilities towards employees with disabilities and will:

- Monitor recruitment procedures to ensure that individuals with disabilities are provided with equal opportunities.
- Provide appropriate support and provision for employees with disabilities to ensure that they can carry out their work effectively without barriers.
- Undertake reasonable adjustments to enable staff to access the workplace.

The plan will be resourced, implemented, reviewed and revised in consultation with:

- Pupils' parents.
- The Head of School and other relevant members of staff.
- Governors.
- External partners.

This plan is reviewed every three years to take into account the changing needs of the school and its pupils. The plan is also reviewed where the school has undergone a refurbishment.

The accessibility audit

- 1.1. The governing board will undertake a regular Accessibility Audit.

 - **Access to information** – the governing board will assess the extent to which pupils with disabilities can access information on an equal basis with their peers.

- 1.4. The findings from the audit will be used to identify short-, medium- and long-term actions to address specific gaps and improve access.
- 1.5. All actions will be carried out in a reasonable timeframe, and after taking into account pupils' disabilities and the preferences of their parents.
